Toprak Özdemir

Double Major in Economics and Mathematics | Boğaziçi University
toprakozdemirq@gmail.com | LinkedIn | toprak-ozdemir.github.io

Education

Boğaziçi University — Istanbul, Turkey
B.A. in Economics & B.S. in Mathematics (Double Major) — *Sept 2021 – May 2027 (Expected)*

- **Cumulative GPA:** 3.85/4.00 (Currently ranked 2nd in cohort)
- **Honours:** Ranked 26th nationwide in University Entrance Exam (YKS) (2M+ candidates).
- **Advanced Coursework:** Microeconomics II (Grad), Econometrics I-II (Grad), Advanced Microeconomics, Real Analysis, Metric Spaces, Functional Analysis, Optimization Techniques (Grad), Stochastic Processes

Research & Selected Projects

Independent Research on Optimal Taxation — Istanbul, Turkey
Under the supervision of Prof. Ünal Zenginobuz — *Ongoing*

- Investigating the optimal design of piecewise income tax systems and the structural determination of tax brackets using the Turkish tax code.

Replication Study | **Macroeconometrics** — Istanbul, Turkey
Independent Course Project for Econometrics II (grad) — *Spring 2026*

- Replicated a macroeconometric paper by implementing Bootstrap Bias Correction in dynamic panel data to successfully generate bias-corrected impulse responses.

Empirical Research | **Wage Inequality in Turkey** — Istanbul, Turkey
Course Project for Economics of Distribution — *Spring 2025*

- Analyzed Turkish microdata (SILC and HBS) following *Review of Economic Dynamics* guidelines to estimate structural wage premiums and inequality indices.

Teaching & Professional Experience

Undergraduate Teaching Assistant, Boğaziçi University — Istanbul, Turkey
Advanced Microeconomics, Mathematical Statistics II, Intermediate Macroeconomics — *Sept 2024 – June 2026*

- Led weekly problem-solving sessions for 100+ students, translating rigorous mathematical proofs and statistical models into clear economic intuition.

Intern, Ministry of Treasury and Finance — Istanbul, Turkey
Debt Office (General Directorate of Public Finance) — *June 2024 – July 2024*

- Gained institutional insights into international capital markets, bond issuance, and investor relations.

Honours and Awards

25th National Antalya Mathematics Olympiad (UAMO) — 2021

- Awarded the Silver Medal for excellence in advanced mathematical problem solving, issued by Akdeniz University.

Skills

Languages: English (Fluent), Turkish (Native)
Technical & Programming: R, Python, Stata, LaTeX
